

RAISEonline 2014 Summary Report  
St George's Community Primary School

Unique Reference Number (URN)	127133
DfE Number	8353701
Local Authority	Dorset

Based on the following datasets for 2014:-

Key Stage 1:	unvalidated data
Key Stage 2:	unvalidated data

Production date : 23 October 2014

## IMPORTANT

The aim of the summary report is to help you see how effectively a school is performing in terms of the achievement, attendance and behaviour of its pupils. The report is made available to schools to help with their self-evaluation and planning to raise standards, and is used by inspectors to inform their planning for an inspection.

There have been a number of changes to the Closing the Gaps section in 2014. The pupil group previously known as FSM/CLA will be referred to as disadvantaged. The group of pupils who are not disadvantaged will be described as other pupils. All tables now show three-year trends and there is now a Closing the Gaps report for KS1.

Shading has been introduced into the Closing the Gaps reports. It is intended to identify gaps of educational importance. It will be applied only to the gaps between results for disadvantaged pupils in the school and other pupils nationally, and only for 2014 results. At Key Stage 2, it will be used only on the new table for expected, and more than expected, progress from each Key Stage 1 prior attainment starting level. Where the school proportion of disadvantaged pupils in 2014 falls below the national proportion for other pupils by an amount equivalent to one or more pupils, it will be shaded red. Where the school proportion of disadvantaged pupils is equal to or above the national proportion for other pupils, it will be shaded yellow. This shading is intended to help schools and inspectors consider the extent to which the gap is closing or has closed in the last three years and the number of pupils affected.

In addition, the Closing the Gaps section will contain a scatterplot report which contrasts the overall value added scores of disadvantaged and other pupils.

At Key Stage 1, shading will be applied to 2014 results in the average point score (APS) Closing the Gaps report. Where the disadvantaged group's APS is at least four points (equivalent to two sublevels) less than the national APS for other pupils, it will be shaded red. Where the disadvantaged group's APS is equal to or above the national APS for other pupils, it will be shaded yellow.

Elsewhere in RAISEonline, green and blue shading are used to demonstrate a statistically significant difference between the school data for a particular group and national data for the same group. This does not necessarily correlate with being educationally significant. The performance of specific groups should always be compared with the performance of all pupils nationally.

Further information and guidance on the shading and the methodology used to calculate other measures presented in RAISEonline can be found at <https://www.raiseonline.org> in the Library section in the folder 'How Ofsted and DfE analyse your data'.

The FAQ section of the library includes a wide range of common questions. Further information is also available within each interactive report at the 'Help?' button near the top right of the screen. We also recommend that you read RAISEonline Latest news regularly to keep up to date.

The Key Stage 1 unvalidated reports reflect the data received by the Department for Education (DfE) by the collection deadline. Any data submitted after this deadline will be incorporated within the final datasets if these are published.

The Key Stage 2 unvalidated reports do not reflect the outcome of amendments requested by schools during the annual performance tables' data checking exercise run between 5 September and 19 September 2014. Accepted amendments from the checking exercise will be included in the DfE Key Stage 2 performance tables being published in December 2014 and the subsequent release of validated data in RAISEonline.

We are not able to make ad hoc changes to published data in RAISEonline. The website provides interactive reports, accessed via the 'Tree view' tab. The interactive reports allow access to pupil level data that underlie the measures contained in the summary report and a range of other analyses. If you think your measures are wrong, please first check these underlying pupil list reports. After this step, if you think there is an error in the measures due to a miscalculation rather than incorrect data please use the 'Contact us' facility on RAISEonline <https://www.raiseonline.org> or email [enquiries@ofsted.gov.uk](mailto:enquiries@ofsted.gov.uk).

The 'School's own data' section of RAISEonline contains a copy of the underlying data that a school's RAISEonline administrator may amend. You will be able to see if analyses for your school would change and use these in discussions with school improvement partners and inspectors. Note that the changes will apply to the school's own copy of the data only; the published data in RAISEonline will remain unaffected.

The summary report is divided into the following sections

1. Context
2. Absence and Exclusions
3. Prior attainment\*\*
4. Attainment
5. Progress\*\*

Value added

Expected progress

6. Closing the Gaps

\*\* Provided for schools with Key Stage 2

## Important Information for Governors – Primary

Effective governance is an intrinsic part of good leadership. An increasingly autonomous school system needs informed governors who know their schools well and hold leaders to account for the achievement, behaviour and safety of all pupils in their school, including the most able and disadvantaged pupils, those for whom the pupil premium provides support.

The purpose of RAISEonline is to support school self-evaluation and to inform the school inspection process. It contains tables and charts that compare school and national figures. The figures allow governors to ask themselves questions that are essential for evaluating pupils' performance, which they can then follow up with challenging questions to leaders. Such follow-up questions might include:

- \* Why?
- \* How might curriculum provision, teaching or leadership and management be linked to it?
- \* How do performance/absence/exclusions in all current year groups compare with this?
- \* What actions are being taken to address this in all year groups?
- \* What evidence do you have of the impact of these actions?
- \* Which uses of the pupil premium are being effective in raising progress and attainment?

The tables and charts showing pupils' achievement are in two separate sections: attainment and progress. The four different types of achievement data are:

### Attainment

- \* threshold data, which show the proportion of pupils that meet a particular standard
- \* average attainment of pupils, shown as an average point score (APS)

### Progress between Key Stages 1 and 2

- \* expected progress and more than expected progress data, which show the proportions that make the progress expected by the government (two levels), or more
- \* value added (VA), which is an aggregate of each pupil's progress in relation to the progress of all pupils nationally with similar prior attainment

Expected progress is calculated within each subject, for example, for reading it is based on the difference between a pupil's Key Stage 1 and Key Stage 2 attainment in reading. Value added uses each pupil's average Key Stage 1 score in reading, writing and mathematics combined as its baseline for calculating VA in a single subject, such as mathematics, and overall VA for mathematics, reading and writing combined.

In many tables, green or blue shading is used where school results are statistically significantly above or below the national figure. The RAISEonline library contains details of how figures are calculated.

Tables that governors might find particularly useful to look at are highlighted by the letter G in the top right corner, but the full suite of reports should be used when analysing a school's data. Descriptions of the highlighted tables and their numbers are below.

### An overview of key data

These four sets of tables provide a quick overview.

## 1. Three-year and longer trends in key measures for all pupils:

- \* Basic characteristics of your school (Table 1.1.1)
- \* The Key Stage 1 prior attainment of pupils in each year group (Table 3.1.1)

(Note that prior attainment is the best indicator of future performance.)

- \* Absence and exclusions (Table 2.1.1)
- \* Key Stage 1 average attainment overall and in each subject (Table 4.2.4)
- \* Key Stage 2 average attainment overall and in each subject (Table 4.3.5) (4.1.5 in junior schools)

(Average attainment is given in terms of average point scores (APS), where 6 points represent one level, 15 points are equivalent to Level 2 and 27 points are equivalent to Level 4).

- \* Progress in terms of value added overall and in each subject (Table 5.1.1)

(Value added compares each pupil's Key Stage 1 to 2 progress with all pupils nationally of similar prior attainment, assigns a score, aggregates scores to school level and centres them around 100.)

The tables allow governors to ask themselves, and follow up, essential questions such as:

- \* Is absence below average? How much is it diminishing?
- \* Is the proportion of persistent absentees below average? Is it falling?
- \* Are levels of exclusion below average? Are they appropriate? Are they falling?
- \* Does the difference between exclusions and number of pupils excluded show a low rate of repeat exclusions?
- \* Is attainment above average? How much is attainment rising?
- \* In which subjects is attainment strong/weak?
- \* Is progress above average (100)? How much is progress rising?
- \* In which subjects is progress strong/weak?

## 2. Attainment of thresholds for all pupils this year:

- \* Percentage attaining or surpassing each Key Stage 1 level in each subject (Chart 4.2.1)
- \* Percentage attaining or surpassing each Key Stage 2 level in each subject (Table 4.3.1) (4.1.1 in junior schools)

The tables allow governors to ask themselves, and follow up, essential questions such as:

- \* Do enough pupils attain the expected standard (KS1 Level 2, KS2 Level 4)?
- \* Do enough pupils attain high standards (KS1 Level 3 or above, KS2 Level 5 or above)?

### 3. Progress from different starting points for all pupils this year:

- \* Expected progress in reading from Key Stage 1 to Key Stage 2 (Table 5.2.1)
- \* Expected progress in writing from Key Stage 1 to Key Stage 2 (Table 5.2.3)
- \* Expected progress in mathematics from Key Stage 1 to Key Stage 2 (Table 5.3.1)

(The progress expected by the government is two levels, such as from Level 2 to Level 4.)

The tables allow governors to ask themselves, and follow up, essential questions such as:

- \* Are enough low prior-attainers (Level 1 or below) catching up to reach Level 4, by making more than expected progress?
- \* Are enough of those who reached the expected level (2) at Key Stage 1 attaining the expected Level 4 (expected progress) and reaching Level 5 (more than expected progress)?
- \* Are enough high prior-attainers (Level 3 or above) attaining at least Level 5 (expected progress), and reaching Level 6 (more than expected progress)?
- \* Do the overall percentages making expected progress (on bottom row of the table) meet the progress part of the floor standard (in 2013, 91% in reading, 95% in writing and 92% in mathematics; 2014 standards are published in December 2014)? A school will be below the floor standard if it is below both the attainment and progress elements of the floor standard.

### 4. Closing the gaps in achievement between disadvantaged and other pupils

Closing any gaps in progress and attainment between disadvantaged pupils and other pupils nationally is a key focus for schools. The 'Closing the gaps' section at the back of the summary report shows three-year trends in the gaps in progress and attainment between disadvantaged pupils in your school and:

- \* all other (non-disadvantaged) pupils nationally
- \* other pupils in your school.

For Key Stage 2, the four tables show:

- \* expected progress in mathematics, reading and writing from different starting points
- \* progress in terms of value added
- \* average attainment
- \* attainment of thresholds.

For Key Stage 1, the last two tables are shown.

The key table, showing expected progress from different starting points, contains shading for comparisons of the 2014 progress of disadvantaged pupils with national figures for other pupils. Yellow shows school proportions at or above national figures; red shows proportions lower than national by a margin of one or more pupils. At Key Stage 1, shading is used on the average attainment table, with yellow showing 2014 attainment of disadvantaged pupils that is equal to or above the national average for other pupils, and red shading showing where it is below by two-thirds of a level (four points) or more.

The tables allow governors to ask themselves, and follow up, essential questions such as:

- \* Is there a gap between the disadvantaged pupils and other pupils nationally?
- \* If so, how fast is it closing?
- \* How wide are in-school gaps? How quickly are any gaps closing?

Tables providing further detail and data for groups

Other tables marked with a G provide data for groups and further detail. The performance of groups should always be compared with the performance of all pupils nationally, also noting the comparison with the particular group nationally.

Progress of groups

- \* Expected progress from different starting levels for disadvantaged pupils and others (Tables 5.2.2, 5.2.4 and 5.3.2).
- \* Value added three-year trend overall and this year for subjects (Table 5.1.4)
- \* Scatter plot of value added for each disadvantaged pupil and other pupil (back page)

The scatter plot allows governors to ask themselves, and follow up, essential questions such as:

- \* How does the value added differ for disadvantaged and other pupils, and for different prior attainment?
- \* Is the value added very low for any pupils?

Attainment of groups

- \* Phonics screening check attainment in Years 1 and 2 (Tables 4.1.1 and 4.1.4)
- \* Key Stage 1 average attainment overall and in each subject (Table 4.2.5)
- \* Percentage attaining or surpassing Key Stage 2 Level 4 in each subject and in all of mathematics, reading and writing (Table 4.3.2) (4.1.2 in junior schools)

The tables allow governors to ask themselves, and follow up, essential questions such as:

- \* Do enough pupils meet the expected standard in the phonics screening check in Year 1, or after re-taking it in Year 2?
- \* Does the percentage attaining at least Level 4 in all of mathematics, reading and writing meet the attainment part of the Key Stage 2 floor standard (60% in 2013 and 65% in 2014)? A school will be below the floor standard if it is below both the attainment and progress elements of the floor standard.

## Inspection

Inspectors will meet with as many governors during an inspection as is possible. They will expect governors to be familiar with performance data, including the headline information that Ofsted's data dashboard presents for their school, and know what the information in RAISEonline shows about the performance of the school. Inspectors will consider how well those responsible for governance use information to evaluate the performance of the school and to ask challenging questions which help the school to sustain high performance or to improve for all pupils, including disadvantaged pupils, those for whom the pupil premium provides support. Inspectors will consider the impact of what a school is doing to narrow any gaps in progress and attainment between disadvantaged pupils in the school and non-disadvantaged pupils nationally, as well as in the school. The School inspection handbook contains further information about how inspectors evaluate the effectiveness of governance.

## Context

Table 1.1.1: Basic Characteristics of your school (PriSec2.1)

This shows some key indicators for your school, together with national averages for maintained mainstream Primary schools. The information is based on the January School Census return. The Quintile graphs display the indicators for the current year only. These figures are divided into five intervals, each containing approximately 20% of schools. The interval boundaries are shown below the line, and your school's position in the distribution is indicated by a shaded box.

	2012	2013	2014	20th percentile	40th percentile	60th percentile	80th percentile
<b>Number on roll</b>							
School	422	421	438				
National	251	257	263	3	134	208	264

6	60	46.7 / 53.3	33.3	1.7	1.7	25.0	0

## Context

Table 1.1.3: Ethnic Groups and English as a first language (PriSec2.2)

These data are derived from the categories recorded for your pupils at your school from the School Census. Figures are provided for children of statutory school age or older, since it is not compulsory to record characteristics for pre-school children, figures may not add up to 100% due to rounding.

Ethnic group	School %			National %
	2012	2013	2014	2014
<b>White</b>				
British	97.9	97.4	95.8	71.6

Autistic Spectrum Disorder	5	4	6	2	1	0
Other Difficulty/Disability	1	0	1	0	1	1
School total	47	47	50	4	4	3
Percentage of school roll	11.1	11.2	11.4	0.9	1.0	0.7

## Absence and exclusions

## School Level Absence and Exclusions - 3 Year Trend (Trend\_1)

Table 2.1.1

Absence indicators are based on 2 terms of data (autumn and spring) for mainstream schools and, from 2013, 3 terms of data for special schools. Exclusions indicators are based on 3 terms of data. From 2012, only persistent absentee data - absent for 15% or more sessions is published.

	2012			2013			2014		
	School	National average for primary schools	Median trendline for school's FSM* level	School	National average for primary schools	Median trendline for school's FSM* level	School	National average for primary schools	Median trendline for school's FSM* level
<b>Absence</b>									
% Persistent absentees- absent for 15% or more sessions	5.0	3.4	3.8	6.0	3.6	4.3	-	-	-
% Persistent absentees- absent for 20% or more sessions	-	-	-	-	-	-	-	-	-
% of sessions missed due to Overall Absence	5.3	4.4	4.7	5.8	4.8	5.3	-	-	-
<b>Exclusions</b>									
Permanent exclusions as a percentage of the pupil group	0.00	0.02	-	-	-	-	-	-	-
% enrolments with 1 or more fixed term exclusions	0.00	0.46	-	-	-	-	-	-	-
Fixed term exclusions as a percentage of the pupil group	0.00	0.89	-	-	-	-	-	-	-

2014 absence data will not be available until the end of the autumn term 2014 for mainstream schools.

From 2012, '% of sessions missed due to overall absence' is displayed to one decimal place, to align the presentation of absence measures.

## Absence and exclusions

### Table 2.1.2: School Level Absence by pupil groups (Abs\_2)

These data relate to the 2013 academic year. This is the most recent year for which we have a full data set, since the School Census collects data in arrears.

Absence indicators are based on 2 terms data (autumn and spring) for mainstream schools and, from 2013, 3 terms of data for special schools. Exclusions indicators are based on 3 terms of data. For consistency, the national comparator for special schools is also presented.

There is no data available for 2014

## Prior Attainment

Table 3.1.1: The Prior attainment of pupils at Key Stage 2 (PriorKS2)

The tables below show the prior attainment in terms of Key Stage 1 average points score, of pupils studying in your school in 2013/2014. The national indicators are for maintained mainstream schools (based on matched pupil records from the 2014 National Pupil Database, which is not the same as the average score of all the pupils who took the tests). When interpreting the tables the level of coverage should be taken into account.

### Average points score at KS1

NC Year starting Sept 2013	School	National	Difference	Sig	% Coverage
Year 6	15.4	15.3	0.1		100.0
Year 5	14.9	15.4	-0.5		96.8
Year 4	15.1	15.6	-0.5		98.5
Year 3	15.8	15.8	0.0		100.0

### % by Prior Attainment Band

	School						National		
	School			National					
	Low	Middle	High	Low	Middle	High	Low	Middle	High
Year 6	21.7	51.7	26.7	17.1	58.2	24.7			
Year 5	25.0	46.7	28.3	16.6	58.5	24.9			
Year 4	16.9	58.5	24.6	14.8	58.6	26.6			
Year 3	17.5	46.0	36.5	13.0	58.4	28.5			

## Attainment at Year 1

Table 4.1.1: Year 1 Phonics Screening Check by Pupil Characteristics (Y1.PPC)

This report shows the percentage of pupils meeting the expected standard in the year one phonics screening check for each pupil group alongside the national percentage for the same pupil group.

	Phonics Screening Check			
	Cohort	Number achieving expected standard	% School	% National
All Pupils	70	51	73	74

### Attainment at Key Stage 1

Chart 4.2.1 and Table 4.2.2: Percentage of pupils attaining or surpassing each level at Key Stage 1 by Subject - 2014 (KS1.3)

The charts below show the cumulative distribution of the levels achieved by the school for Key Stage 1. The bars on the graph show the percentage of pupils in the school and nationally who attain the required standard for each level. Statistical significance tests have been performed on the data using a 95% confidence interval, and where the school value differs significantly from the corresponding national value for this group, sig+ or sig- is shown.

**Percentage of pupils attaining each level in reading, writing and mathematics, cumulative distribution**

## Notes

Reading table includes all pupils awarded 'W' in their teacher assessment for Reading with a valid Pscale grade

Writing table includes all pupils awarded 'W' in their teacher assessment for Writing with a valid Pscale grade

Mathematics table includes all pupils awarded 'W' in their teacher assessment for Mathematics with a valid Pscale grade

The total numbers of pupils on Pscals is shown for P4 - P8 and P1i - P3ii. Pupils who have a Pscale in both P4-P8 and P1i - P3ii in a subject will be displayed in P1i - P3ii.

## Attainment at Key Stage 1

### Attainment, Average Points Score at Key Stage 1 : Overall and by Subject (KS1.1Trend)

The following pages provide analysis of pupils' average points scores over the last five years in reading, writing and mathematics.

Table 4.2.4

Statistical significance tests have been performed on the data using a 95% confidence interval, and where the school value differs significantly from the corresponding national value for this group sig+ or sig- is shown below.

Where the school value differs significantly from the previous year's, ↑ or ↓ is shown to indicate the direction of this change.

Year		2010	2011	2012	2013	2014

### Attainment at Key Stage 2

Table 4.3.4: Key Stage 2 Below the Level of the Test Report : Teacher Assessments (KS2.BTL)

Teacher assessments for pupils operating below the level of the tests (B) or reported at level 2 and below in writing (TA).

	Number of pupils reported as "B"	Level 2*	Level 1	P8	P7	P6	P5	P4	P3i/P3ii	P2i/P2ii	P1i/P1ii	
Reading	1	0	1	0	0	0	0	0				
Writing		0	1	0	0	0	0	0				
Speaking					0	0	0	0				0
Listening					0	0	0	0				0
English										0	0	0
Mathematics	1				0	1						0
Using and applying					0	0	0	0	0			
Number					0	0	0	0	0			
Shape, space & measures					0	0	0	0	0			

Key  The subject assessment is not available

This report displays additional information about the teacher assessments of those pupils who were identified as operating below the level of the test in reading and mathematics and coded B. The known teacher assessments are displayed as level 2, level 1 and P scales. Pupils who have a Pscale in both P4-P8 and P1i - P3ii in a subject will be displayed in P1i - P3ii.

P scale assessments for p4 to p8 are not made for English and mathematics

\* teacher assessments higher than level 2 for pupils with a test result of B are capped at level 2 in reading and mathematics.

## Attainment at Key Stage 2

Attainment, Average Points Score at Key Stage 2 : Overall and by Subjects  
(KS2.1Trend)

The following pages provide analysis of pupils' average points scores over the last five years in the National Curriculum core subjects.

Table 4.3.5

Statistical significance tests have been performed on the data using a 95% confidence interval, and where the school value differs significantly from the corresponding national value for this group sig+ or sig- is shown below.

Where the school value differs significantly from the previous year's, ↑ or ↓ is shown to indicate the direction of this change.

Year		2010*	2011	2012	2013**	2014

## Progress Measures Value Added

Table 5.1.2: Key Stage 1 to Key Stage 2 fine grades value added: performance of groups within school - ethnic backgrounds (KS12.VAETH)

This report indicates significance relative to both the national mean of 100 and the national mean for each ethnic group. Statistical significance tests have been performed on the data using a 95% confidence interval and, where the school value differs significantly from the corresponding national values for this group, sig+ or sig- is shown.

The definitions of low, middle, high are based on the Key Stage 1 results attained by pupils on completion of the key stage. Low attaining are those below Level 2 at Key Stage 1 (APS<12). Middle attaining are those at Level 2 at Key Stage 1 (12≤APS<18). High attaining are those above Level 2 at Key Stage 1 (APS≥18).

A dash means that no significance test has been carried out. A blank space means that a significance test has been carried out and the result for school or ethnic group is not significantly different from the national average. Full details of the methodology used for the Value Added measure can be found in the Library.

## Progress Measures Value Added

Table 5.1.4: Key Stage 1 to Key Stage 2 value added Summary Report (KS12.VAExp)

Statistical significance tests have been performed on the data using a 95% confidence interval and, where the school value differs significantly from the corresponding national values for this group, it is highlighted in green (sig+) or blue (sig-).

## Key

 School performance is significantly higher than the national VA figure for this group

 School performance is significantly below the national VA figure for this group

From 2012, the methodology for calculating the pupil group confidence interval changed to take into account the range of scores for all pupils nationally rather than the range of scores in your school. Full details of the methodology used for the Value Added measure can be found in the Library.

The calculation of overall 2013 KS2 value added uses reading, writing (TA) and mathematics only. Details can be found in the RAISEonline library.

### Expected Progress - reading

Table 5.2.1: Expected Progress in Reading Key Stage 1 to Key Stage 2 - sublevel variation (KS2.EPR)

This table shows the number of pupils attaining each Reading Key Stage 2 attainment level and their corresponding Reading Key Stage 1 prior attainment, including sub-levels. These figures should be compared with the national figures provided in the Transition Matrices held in the library on the RAISEonline website.

Number of Pupils		Sub Level	Key Stage 2 Reading Level								Total No. of Pupils	Expected Progress			More than expected progress		
			Other or No KS2 Result	W	1	2	3	4	5	6		Number Achieving Expected Progress	School % Achieving Expected Progress	National % Achieving Expected Progress	Number Achieving More Than Expected Progress	School % Achieving More Than Expected Progress	National % Achieving More Than Expected Progress

<b>Total Cohort of Disadvantaged pupils</b>	20
---	----

Key

represents pupils making more than expected progress
represents pupils making expected progress
represents pupils making less than expected progress
indicates pupils whose progress could not be determined and who have therefore been excluded from the school calculation. These pupils are included in the figure for the total cohort

Full details of the methodology used can be found in the Library.

## Expected Progress reading, writing, mathematics

Table 5.4.1: Key Stage 1 to Key Stage 2 performance - percentage making expected progress, School and National (KS2.EPRS)

Expected Progress is defined as making 2 levels of progress from Key Stage 1 to Key Stage 2. Statistical significance tests have been performed on the data.

The definitions of low, middle, high are based on the Key Stage 1 results attained by pupils on completion of the key stage. Low attaining are those below Level 2 at Key Stage 1 (APS<12). Middle attaining are those at Level 2 at Key Stage 1 (12≤APS<18). High attaining are those above Level 2 at Key Stage 1 (APS≥18).

A dash means that no significance test has been carried out. A blank space means that a significance test has been carried out and the result for school or group is not significantly different from the national average.
