

## Day 2

Practice saying the sounds on the flash cards that you made the other day.

Now can your grown up say one of the sounds, without showing you the flash card, and you can try to write it down.

You could also lay out all the flash cards facing upwards. Then choose a small toy. Your grown up can then say one of the sounds and you have to put the toy onto the correct flashcard.

Now have a go at this blending game on Phonics Play.

Well done!
