

## **Week commencing 22.6.20**

This week we are going to focus on retelling the story of snail and the whale. We are going to get to know the story so that next week we can create our own stories like Snail and the Whale.

### **Monday**

Reread or re-watch the story Snail and the Whale. Then using the pictures provided can you put the story back into the correct order?

### **Tuesday**

Either making your own or using our template, we like you to draw your own comic book or comic page retelling the story of the snail and the whale. You can be as creative as you like. Challenge- can you add speech?

### **Wednesday**

With your adult can you come up with your own actions to retell the story? Or can you make your own sock puppets or paper puppets and have a go at making a puppet show retelling the journey of the Snail and the Whale.

### **Thursday**

Next week we are going to be making our own stories of snail and the whale but we are going to use our won characters. What we would like you to do is make a list of all the small animals and insects and a list of all the largest animals you can think of. We would then like you to make a list of the different pairs of large animals and small animals for example-

Lion and the Flea,

Bear and the Ant,

Elephant and the Mouse.

### **Friday**

ART

Using your own imaginations to make a model or create a picture of an island that the Snail and the Whale could visit.
