

Geography

We are learning about local landmarks and those across the UK. Some of you may have watched the 'Go Jettors UK Places and Landmarks' Power Point a few weeks ago. (See link from Tuesday 21st April)

They explain that a landmark is something that stands out in an area. It could be a building, bridge, lake or river, a sculpture or something else.

We thought it would be interesting to think a bit more about the four countries of the United Kingdom (UK).

If you and your grown up go to this link on BBC Bitesize you can watch a video about the UK:

<https://www.bbc.co.uk/bitesize/topics/zyhp34j/articles/z4v3jhw>

When you watch the video try and spot if Freya (the girl in the video) mentions any landmarks, and have a chat with your grown up about them.

Can you do the other activities on this page? What are the four countries of the UK?

Can you name the capital city of each country?

Last week you drew some pictures of local landmarks. Maybe this week you could choose a landmark from another place in the UK and have a go at drawing it.

Here are some photos to help you. Can you name the landmarks?
