

Science

A couple of weeks ago you were trying to name as many body parts as you could while your grown up was timing you! Well done!

Today you can watch a video to learn more about how our body works. Click on the link below and watch the video, then have a go at the labelling activity and the quiz.

Maybe you would like to have a go at drawing your own picture of a skeleton? Perhaps your grown up could have a go too, and maybe the rest of your family! It's a bit of a challenge but we think you can do it!

There are some pictures below to help you. Have fun, and maybe you can tell someone in your family about some of the facts you have learned.
